Since 1957 Bud's has been making believers out of people who love great-tasting chicken & seafood and that's because Bud's uses only the finest ingredients like wild caught Cod which is hand cut, hand breaded and then cooked to order. You can taste the quality in every single bite and that happens to be true of everything Bud's serves, from their legendary chicken and famous corn fritters to their home-made salads and signature sauces. And that's exactly why people keep coming back to Bud's for generations.
